Necessary Reductions under Salaried, Executive, and non-UAW Hourly Plans

Purchaser's obligations to assume benefit plans and to maintain compensation and benefits for one year contemplate the aggregate reduction of the total benefit obligations under Assumed Plans related to Salaried Retiree Life Insurance, Salaried Retiree Health Care, Salaried Non-Qualified Pension, Executive Retiree Life Insurance and hourly (non-UAW) Life Insurance and Health Care plans by approximately two-thirds, as compared to the obligations of Parent as determined as of 12/31/08.

The changes in salaried retiree benefits being implemented for achieving this are identified as follows:

- Retiree Basic Life Insurance for salaried classified and executive retirees reduced to \$10,000 effective the first of the month following the Closing Date;
- Retiree Basic Life Insurance for active salaried classified and executive upon their retirement reduced to 50% of base salary;
- Additional salaried retiree co-pays and contributions required for health care plans, effective 1/10. Retiree cost share increases to approximately 45%. No coverage at age 65;
- 10% reduction in accrued ERP benefits as of the date of the close for active employees;
- The current temporary 10% ERP reduction for existing retirees with a combined qualified and nonqualified benefit equal to or less than \$100,000 shall become permanent; no additional non-qualified pension reductions shall be made for these retirees;
- A reduction of 2/3 of the ERP amount above the combined qualified and nonqualified benefit greater than \$100,000 will be implemented as of the first of the month following the Closing Date; and
- Executive Life Insurance will be cancelled in retirement for all current and future retirees effective the first of the month following the Closing Date.

Health care and life insurance coverage for non-UAW hourly retirees, if provided at all, are intended to match benefit levels provided salaried retirees. Changes affecting non-UAW hourly retirees are identified in Section 6.17(m) of the Agreement or the related sections of this Sellers' Disclosure Schedule.

Labor Matters

Eighty-four retirees and 1102 current employees of GM Daewoo Auto & Technology Company filed claims in January and March of 2007, respectively, claiming that amounts such as research allowance and annual bonus had been wrongfully excluded from the calculation of ordinary wage. A verdict for the retirees' case was rendered in November 2008 (partially in favor of plaintiffs and partially in favor of defendant) and both plaintiffs and defendant appealed in December 2008.

Section 4.13

Tax Matters

U.S. Income Tax Matters

The United States federal statute of limitations is closed through the 2003 federal income Tax year except for an open-ended, restricted waiver that is limited to a United States-Canada transfer pricing dispute and related foreign tax credits. The transfer pricing dispute is currently pending with competent authority. The statute of limitations for the 2004 through 2006 federal income Tax years has been extended to June 30, 2010. Based upon IRS proposed adjustments for the 2004 through 2006 years, neither the proposed audit adjustments nor the extension of the statute of limitations are expected to give rise to a Material Adverse Effect. The IRS has commenced the audit of the 2007 and 2008 federal income Tax years and is in the information gathering stage.

State and Local Tax Matters

Parent and its Subsidiaries file various income, gross income, sales, use, ad valorem, gross receipts, value added, franchise, profits, license, transfer, recording, withholding, payroll, employment, excise and other types of state and local Tax Returns. Many of these Tax Returns are routinely examined by Taxing Authorities, and waivers are routinely requested by and granted to state and local Taxing Authorities. None of these audits or waivers, alone or together, is reasonably expected to give rise to a Material Adverse Effect. Parent and its Subsidiaries have established aggregate reserves for United States state and local Taxes on its March 31, 2009 financial statements of approximately \$116 million.

Non-US Tax Matters

Parent and its Subsidiaries file income and other Tax Returns in multiple jurisdictions and are subject to examination by Taxing Authorities throughout the world. Parent and its Subsidiaries' previously filed Tax Returns are currently under review or are subject to open Tax years from 1999 to 2008 with various significant taxing jurisdictions, including, Argentina, Australia, Belgium, Brazil, Canada, Ecuador, France, Germany, Hungary, India, Indonesia, Italy, Mexico, New Zealand, Poland, Russia, South Korea, Spain, Thailand, Turkey, the United Kingdom and Venezuela. These open years contain matters that could be subject to differing interpretations of applicable Tax Laws and regulations as they relate to the amount, timing or inclusion of revenue and expenses or the sustainability of income Tax credits for a given audit cycle. We have recorded a Tax benefit only for those positions that meet the more likely than not standard. Parent and its Subsidiaries have established a total FIN 48 reserve on its March 31, 2009 financial statements for non-United States cash Tax liabilities of approximately \$496 million.
